## Career Objective

I'm a final-year ICT student with a 7.13 CGPA, passionate about software development, data analysis, and the MERN stack. I'm eager to join a dynamic company where I can apply my skills, embrace creativity, and continue learning. My goal is to contribute to meaningful projects and collaborate with like-minded professionals to drive innovation.

## Experience

- **Software Engineering Intern (Jun 2024 - Present)**
- Gujarat International Finance Tec-City Company Limited, Gandhinagar
  - Successfully contributed to the 'Improvisation of CRM Application' project within the ICT department by streamlining a process at GIFTCL through the development of a DOP form for employees during my internship.
- **Web Development Intern (May 2024)**
- Cod Soft, Ahmedabad
  - Engineered a comprehensive hotel booking platform leveraging the MERN stack to provide a robust solution for online reservations.
  - Developed a comprehensive Weather app in ReactJS, demonstrating my proficiency in API integration, backend development, and React skills.

## Projects

- **Portfolio Website**
  - Developed a personal portfolio website to showcase my projects, skills, and achievements.
- **Wanderlust: A Hotel Booking Website**
  - Created a comprehensive hotel booking platform using the MERN stack.

## Skills

- **Programming Languages:** JavaScript, Python, C
- **Web Development:** HTML, CSS, Node.js, Express.js, React.js, MongoDB
- **Tools:** Git, GitHub, Visual Studio Code

## Education

- **Bachelor of Engineering in Information and Communication Technology (ICT)**
- Sal Institute of Technology and Engineering Research, Ahmedabad (Expected 2025)
- CGPA: 7.13

## Certifications

- Certificate of Completion by Apna College (Full Stack Development)

## Achievements

- Led my university football team as captain to three consecutive inter-college championships, demonstrating strong leadership and team-building skills.
- Created a portfolio website that significantly enhances my online presence.
